Bathroom Foster

Design by Norman Foster

Norman Foster has created a style-forward bathroom range befitting of his design credentials. The sanitaryware is modelled on the archetype of two cupped hands scooping fresh water, and is characterised by a sweeping oval silhouette and delicate rims. Lord Foster describes the collection as, "Architecture in miniature."

Cape Cod

Design by Philippe Starck

Cape Cod eliminates all barriers between the in and outdoors, making nature a permanent component of the bathroom, with organic forms and authentic materials. With Cape Cod, Starck reinvented the bathroom as a place of rejuvenation for the mind, body and soul.

L-Cube

Design by Christian Werner

Tranquility. Clarity.
Space for contemplation.

Werner describes the vision that gave rise to L-Cube – a bathroom furniture program that eliminates all unnecessary elements. With fewer “distractions”, the bathroom user is inspired to truly relax and unwind.

LUV

Design by Cecilie Manz

Luv series combines Nordic minimalism with timeless elegance. Gentle forms follow a stringent geometry. The designer's original vision for this range was a bowl filled with water. Luv interpreted the design language in a highly individual manner.

ME
by
STARCK®

PURE

Reduction, functionality and clarity: A timeless design concept responds to an overcrowded world. The desire of neatness reflects a puristic lifestyle, which is perfectly interpreted with ME by Starck.

ME
by
STARCK®

ELEGANT

RAW

Genuine elegance is timeless and arises from high demands. A combination of selected materials and subtle luxury. Extravagant – but not extroverted. Just like ME by Starck that also blends perfectly into opulent ambiances.

P3 Comforts

Design by Phoenix Design

Comfort for all senses.

Duravit and Phoenix Design concentrate on the definition of comfort. P3 Comforts offers products with many comfortable features: the separation of wet and dry areas, generous surface areas for bathroom essentials and elegant design.

Shower + Bath

Design by Eoos

Shower + Bath unites modern bathroom design and optimum use of space in one product. As a shower, high-quality bathtub, seat and shelf, the new shower and bathtub combination unites several functions in one.

With Starck 1, Philippe Starck and Duravit have returned to the beginnings of hygiene, body care and wellness in addition to the evolution of the bathroom.

Philippe Starck created a complete bathroom featuring pioneering craftsmanship that appears as fresh and new today as it was then.

Starck 2

Design by Philippe Starck

A true Starck, but less elaborate: this was the inspiration behind the second Duravit – Philippe Starck collaboration. Modelled on nature, based on the principle of reduction. In a bathroom series in which the designer was clearly inspired by the movement of the element water.

Refreshingly (im)perfect

Starck 3

Design by Philippe Starck

The Starck 3 range of ceramics, Duravit has revolutionized the sanitary world. Starck 3 brings design to a segment where it was once an untouched concept with a vast array of products that meet all needs and tastes. And – the range provides better value for money than ever before.

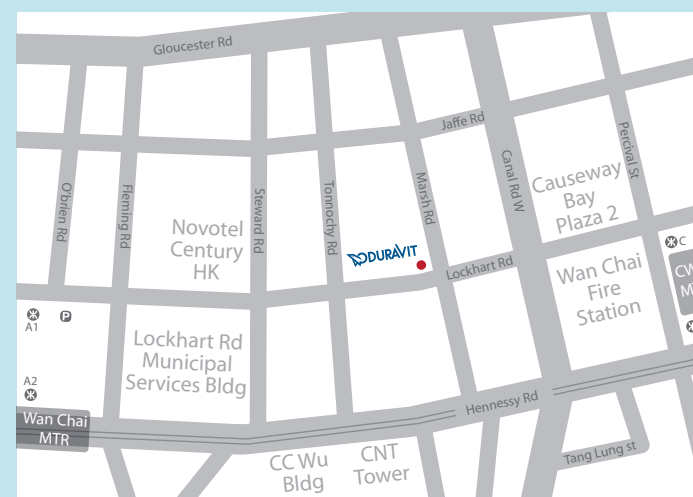

Vero Air

Design by Duravit

New interpretation of timeless geometry

With its consistent rectangular formal language, the Vero bathroom series is regarded as a milestone in architectural bathroom design. Now Duravit is presenting an evolution – developed and manufactured using the latest technologies. Vero Air is a bathroom series that combines the unmistakable character of the original with a new level of precision and perfect proportions.
